**FEQHA REGULATIONS FOR THE EUROPEAN CHAMPIONSHIP OF AMERICAN QUARTER HORSES**

If there are idiomatic differences in different versions of the announcement, the English version is binding.

1. General Rules: The European Championship (EC) will be judged according to the AQHA rulebook and the FEQHA European Championship Rules. If there are contradictions between those two regulations, the latter is valid. All participants and owners declare to adhere to these rules.
2. Participation eligibility in order to receive a European Champion title: To participate at the EC, at least the owner must live in Europe. Europe in this context refers to the geographical definition of the term. Participants from Israel are allowed to participate. Each participant (Amateur/Youth) or owner (Open) must be a member of a FEQHA affiliate (e.g. DQHA). If the participant's home country does not have an affiliate, he must become a member of an affiliate of his choice. Every participant is responsible for designating his residence on the entry form. A copy of the membership of an FEQHA affiliate must be enclosed or purchased before the first class entry at the show. If the horse owner is not at the show (in case of participation in Open classes) or his membership of an FEQHA affiliate cannot be proved, the exhibitor can purchase the license to compete after paying a fee of 40 Euro. Every participant has to enclose a copy of the Certificate of Registration of the horse.
3. Registration and health requirements of the horse: All horses will be identified according to their papers on arrival. Furthermore the vaccination status will be checked. All papers, including health and vaccination documents, must be handed in at the show office and can be picked up on your departure. Every horse needs to be identified. Any horse which does not correspond to the papers cannot compete. In case of incomplete information, suspicious health or unsure identification, the horse will be stalled in the quarantine stall and the host reserves the right to ban horse and rider from the show grounds. International transports or participants must hand in the EU "traces" form, filled out by the official vet in English and the respective national language. The "traces" form is valid for ten days. It can be extended by the respective veterinary office after consulting the show office. Every horse needs to have liability insurance and has to come from disease-free stock. The horse must be vaccinated against influenza, i.e. the last vaccination must not be dated back longer than six months. By sending in the entry form each participant and horse owner declares to accept the facility - including arenas, barns and barn aisles - the way it is. Every participant and horse owner declares to be responsible for any damage of property or injuries - which happen in context of the show - on riders or horse owners brought-about by others or himself, his horses, participants, horse owners, agents or employees. Furthermore, he declares to make amends and free the FEQHA from any liability which was not brought-about by the FEQHA's or its representatives' negligence.
4. Clipping and Equipment: According to veterinary regulations horses whose mouth, ear or nostril areas are clipped will be banned from the show.

5. Doping controls: The EC committee consisting of the FEQHA representatives and the show manager will set the medication regulations. By sending in the entry form, participants and horse owners declare their agreement to medication and/or doping tests in the form of taking blood or urine samples from the horse. The FEQHA Doping and Medication Policy is valid ([www.feqha.net](http://www.feqha.net)). It will be tested according to the FEI Prohibited Substances List. The EC committee will decide in individual cases whether a medication is acceptable or not. Violation of the doping regulations will lead to ban from the show. By sending in the entry form, all participants and horse owners declare to bear all costs, return prize money and prizes and bear the consequences and sanctions imposed by the FEQHA in case of a positive doping result.
6. Insurances and other regulations: By signing the entry form, each horse owner, companion and visitor declares to follow the AQHA rulebook and the FEQHA European Championship Show Rules. The host reserves the right to change the show according to the AQHA rulebook, change the date of the show or cancel it if particular circumstances necessitate it. If the show is cancelled all fees will be refunded. There is no existing contractual relationship between the host on the one hand and visitors, horse owners and participants on the other hand. The host is not responsible in case of theft. Participants are not helpers in the sense of §278 and §831 according to German Law. By entering the show grounds or sending away the entry form, each horse owner and participant, as well as their company and visitors, oblige to adhere to the rules of the show management and acknowledges the rules of the AQHA and the FEQHA.
7. Refunds: On presentation of a veterinary attest before the beginning of the show, the show management will refund 50% of the entry fee. Cattle and office charges will not be refunded. Stall fees will only be refunded, if the stall can be rented to another participant, i.e. if there are no other free stalls.
8. European Champion titles: The European Champion in Youth, Amateur and Open classes will be determined through finals for which riders have to qualify. Those go-rounds will be held during the EC. In Halter, Cowhorse and Cutting the European Champions will be determined via addition of points or scores. In all Halter and cattle classes with less than three participants no European Champion will be crowned. In Performance classes with less than five participants no final will be held and no European Champion will be crowned. To make it to the finals, the horse/rider combination needs to receive a score in all four shows, i.e. may not be disqualified or received a score of 0. In L1 classes, no European Champion, but a Circuit Champion will be crowned, resulting from the overall placings of the classes.
9. Only participants who do not have any obligations towards the host can become European or Circuit Champion.
10. Points in non-scored classes: In all non-scored classes points will be given according to the following scheme:

1. 120	6. 55	11. 15
2. 105	7. 45	12. 10
3. 91	8. 36	13. 6
4. 78	9. 28	14. 3
5. 66	10. 21	15. 1
11. Number of finalists is depending on number of entries in the go round:

25 entries and over	15 Finalists
20-24 entries	12 Finalists
15-19 entries	10 Finalists
9-14 entries	8 Finalists
5-8 entries	all exhibitors reach the finals, which were placed in the go round
12. Judging of the finals: At least five judges will judge the finals. Each judge will judge independently and place until the 15th place. Individual scores and placings will be given to the show management for analysis. The highest and lowest score will be scratched and the final placing will result from the addition of the three remaining scores.
13. In case of a tie: In non-scored classes ties will be broken by adding the points. If the tie remains, the tie judge will be consulted. Judge 1 is the first tie-breaker, if he has not placed either of the horses, judge 2 will become the tie-breaker, if he has not placed one of the horses, judge 3 becomes the tie-breaker and so on. The show management will define the ranking of the tie judges and publish it. If the tie cannot be resolved through the tie judges, it remains a tie. If there is a tie in scored classes it will be resolved through a "jump-off". If the tie remains, the tie judge will be consulted. Judge 1 is the first tie-breaker, if he has not placed either of the horses, judge 2 will become the tie-breaker, if he has not placed one of the horses, judge 3 becomes the tie-breaker and so on. If the tie cannot be resolved through the tie judges, it remains a tie.
14. All-Around Champion: In Youth, Amateur, Select Amateur and Open classes. An All-Around champion will be crowned for each single show. The same goes for L1 Youth and L1 Amateur.
15. Cutting rules: Each Cutting class must receive a new herd. The entry deadline for the Cutting classes can differ from the regular entry deadline. Participants, who have sent their entry form on time, will receive "fresh" cattle. Late entry participants must be aware that they might have to deal with a "used" herd. Cattle used for Cutting can be used in Working Cowhorse as well.
16. Longe Line: The Longe Line classes are for 2/3yos and will be judged according to the current NSBA USA rulebook. Participants cannot show more than one horse.
